**PORTLAND. OREGON.****A HAPPY MOTHER**

WHATHENFORD, TEXAS.  
May 14, 1903.

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

TAMARACK, YOUNG MATSON'S CLAY.

Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which inflammation and weakness have affected. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble. Wine of Cardui cures barrenness and aids the mother in conserving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mothers to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth.

All druggists sell \$1.00 bottles Wine of Cardui.

**HOUR OF CLOSING CHANGED**

Three Measures Passed at En-  
thusiastic Meeting and May-  
or Will Make Them Law  
With Signature.

Chicago, March 15.—At an exciting session, punctuated by much spectacular speechmaking, the Chicago city council has enacted important legislation relating to saloons. Three ordinances were adopted and there is said to be no doubt the mayor will sign all of them. As a result of the action, the hour for saloon closing in the future will be 1 a. m., instead of midnight. After that hour saloons must remove all blinds and screens and keep a bright light burning within. "Can rushing" by children sent to saloons by their parents after beer or any liquor is forbidden. A fourth ordinance giving the mayor greater power in revoking licenses received the majority of the votes cast, but not getting the 36 votes necessary to pass an ordinance, it failed.

**EJECT UNION MEN.**

Citizen's Alliance Load Them on  
Coaches of Departing Train.

Denver, March 15.—A special to the News from Telluride, Colo., says:

One hundred members of the Citizens' Alliance, after a meeting last night, armed with Winchesters and revolvers, scoured the town and took into custody between 70 and 80 union men and sympathizers. In some instances doors to dwelling houses were forced and broken open. The men were herded in a vacant store room until 2 o'clock this morning, when all those desired had been captured. They were then marched to the depot and loaded into two coaches. As the special train departed the Citizens' Alliance fired volleys of shots in the air.

**SACRED STATUE DEDICATED.**

Image of Christ Placed on Boundary  
Between Chile and Argentina.

New York, March 15.—The dedication of a great statue of Jesus Christ on the boundary line between Chile and Argentina has been made the occasion of impressive ceremonies, in which high officials of both countries participated, cables the Valparaiso correspondent of the Herald.

The dedication gave an opportunity for the expression of the most cordial feelings of friendship and ended in the Argentina minister of foreign affairs accepting an invitation to visit Santiago de Chile.

**Famous Trotter Dead.**

New York, March 15.—Kentucky Union, with a record of 2:07, owned by John J. Scannell, of this city, is dead at the former fire commissioner's breeding farm near Fishkill Landing. In 1896 the mare, as a three-year-old, gave promise of great things and beat all the best trotters on the grand circuit. Only a few weeks ago Mr. Scannell lost his champion trotter, The Abbott, in a similar way.

**One Socialist Elected.**

New York, March 15.—The election of 11 deputies in this city has resulted in the success of one socialist, the first of his party ever elected in Argentina, if not the first the South America, says a Herald dispatch from Buenos Ayres. The official, or national party, elected five of the balance.

The 4,000 telephone girls in Germany are government employees. Each must be of good character and live in a respectable family. **ALL WRONG.**

The Mistake Is Made by Astoria  
Citizens.

Don't mistake the cause of back-  
ache.

To be cured you must know the  
cause.

It is wrong to imagine relief is cure.  
Backache is kidney ache.

You must cure the kidneys.  
A Portland woman tells you how this  
can be done.

Mrs. J. D. Kennedy, who resides at  
780 Corbett street, Portland, says: "I

have been afflicted with kidney trouble for thirty years and for the past twenty years I have never been entirely free from it in some form or other. I suffered terribly from backache and could hardly stoop over and get up again. Trouble from the kidney secretions existed. At times I was greatly bloated, my feet swelled to twice their natural size and I was seldom without a plaster on my back to ease the pain. I doctored a great deal and used more medicines than any one person could carry. I had read so much about Doan's Kidney Pills that I concluded to give them a trial. I was a good subject with a case of such long standing and I thought if they helped me I could safely recommend them to others. I used them faithfully and the results were satisfactory in every way. Doan's Kidney Pills are a wonder. They did me more good than any other remedy I ever used."

Plenty more proof like this from Astoria people. Call at the drug store of Charles Rogers and ask what his customers report.

For sale by all dealers. Price 54 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doans and take no substitute.

**Barley Deal Closed.**

San Francisco, March 15.—A deal for 5000 tons of barley has been closed here with agents of the Russian government for the use of Russian troops in the field. Both Russian and Japanese agents have been negotiating in this market for some time past. The price paid on the Russian deal is declared satisfactory, but the figures are not given.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver and Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by Chas. Rogers, druggist.

An exchange says there are more female drummers to be encountered through this country this year than ever before. The situation is becoming a serious one with men in many quarters, and the numerical strength of the traveling saleswoman is claimed by the ungallant to be growing into a nuisance.

The woman who goes to the world's fair with the expectation of seeing the fair and enjoying her trip must prepare to do so in man fashion. She should have a half dozen good tailored shirtwaists, and a dozen stocks, several changes of linen and a half dozen pair of hose, two pair of easy walking shoes with medium soles, and umbrella, and with her tailor-made instep skirt she can enjoy the world's fair as thoroughly and with as much comfort as her brother man.

Claims His Race Can Not Get  
Justice in This Country, the  
Spirit of Christ Not Being  
in the White Man.

New York, March 15.—Bishop William Benjamin Derrick, who for the past four years has been the presiding bishop of the New York diocese of the African Methodist Episcopal church and for the past 25 years one of the most aggressive and active men of the colored race, has declared that he is tired of America and yearns for the land of his forefathers in Africa. This announcement he made in addressing the members of the New York conference and the general conference will soon assign a new bishop to take his place. Mob attacks, lynchings and the burning of negroes are too much for him, he said, and continued:

"Forty-two years ago I stood ankle deep in blood in the fight between the Merrimac and Monitor, and the blood of my comrades flew upon me as they were slaughtered in the defense of their nation, and yet the nation, although we fought to save the American flag, declares that we are not citizens and affords us no protection. We cannot but help feeling badly over the situation. This is no country for us."

"I do not advocate retaliation, but we should stand up manfully and protest and appeal to the few friends that we have to see to it that we get justice, since we are here."

"They tell me this is a land of Christianity and of civilization, when those who are supposed to be the leaders of religion and civilization will take the woman and burn her at the stake and then murder her husband. We cannot win by preaching too much peace and brotherly love, for as soon as the negro shows too much of this spirit, the white man says he is a coward. I do not ask for social equality or amalgamation, but for our own choice of selection as to taste and fitness. I want everything that any other man may have. But the white man cannot be just to us because he has in him none of the spirit of Christ."

Women love a clear, healthy complexion. Pure blood makes it. Burdock Blood Bitters makes pure blood.

Musicians are assured that there will be no rag-time music at the St. Louis exposition. It may puzzle some of the authorities to decide just where legitimate syncopation ends and rag-time begins.—Washington, D. C., Post.

It is predicted that the coming special issue of St. Louis World's fair stamps is destined to be very popular. But the kind of stamps which suit most people the best will be the good old-fashioned currency bills.—Oshkosh, Wis., Northwestern.

The Midway part of the World's fair is to be called "The Pike," and the press of the country is wondering why. That is dead easy; it is named after Pike street, Seattle.—Seattle, Wash., Argus.

An old saying is that as the days begin to lengthen then the cold begins to strengthen. Can we not change the latter part for this year and have it say the World's fair boom to strengthen.—Lowell, Mich., Journal.

If your uncle has an aunt who has a nephew whose wife has a cousin that is married to an old friend of your wife's sister, whose grandmother used to live in the same town with an old schoolmate of yours, whose son-in-law is now in St. Louis, you should at once renew the acquaintance with a view of saving hotel bills while attending the World's fair. This scheme can be worked successfully in many instances.—Advertiser, East Aurora, N. Y.

The cheapness of married life compared with single extravagance, says the Norwalk Hour, is shown in the case of Mrs. Louis Mangie, of New Haven, who told Judge Thayer, of that city, that she had received but \$10 from her husband in twenty years of married life. Girls who are to take advantage of leap year can use this as an argument, or as a warning, as may seem best.
